

How to choose the **RIGHT LAWYER**

When selecting a lawyer the following criteria are essential:

You have the finest legal representation possible

You have accessibility to your lawyer throughout your case

Your potential for compensation is maximised

The finest legal representation is not measured by the size of the firm but rather by the experience each individual lawyer has.

Every lawyer at McLaughlin & Riordan has more than 20 years' experience in their relevant fields and we ensure that you always have direct access to your lawyer.

McLaughlin & Riordan is committed to providing affordable legal services. We take into account the nature and strength of your case and any financial hardship you may be experiencing. In doing this we offer a

No-Win, No-Fee service.

We frequently see the larger law firms exercise the fine print in their cost agreement which allows them to charge more to complete your claim.

This means that you are left with less money once your claim has been finalised.

At McLaughlin & Riordan we care about our clients and the outcome of each legal case. With our personal and considered approach we are committed to ensuring your legal rights are exercised.
